Hear Jim Simpson Broadcast 7:30 Thursday Night!

ALABAMA NEEDS A NEW FACE IN WASHINGTON

Fresh from the People!

JIM SIMPSON for the U. S. SENATE

Needs and aims of folks back home can best be presented in the Congress by a representative who has stayed close to and comes fresh from the people of Alabama.

Many think Congress needs a good blood transfusion-fresh new blood from the veins of the people-to energize it into action. They know Jim Simpson has vigor, energy, sincerity and a truly amazing record for getting things done. He will fight for, not talk about what Alabama needs.

The Shoe Doesn't Fit . . But we have to wear it!

We Thought Our Newsprint Troubles would be over when the War was Over . .

How Wrong We Were!

We looked forward to the day when restrictions would be removed, thinking our newsprint troubles would be over. What a shock it was when we learned our supply of newsprint would be far less in 1946 even though there are no government restrictions. As little as we like it, rationing of circulation must continue. So please bear with us. We are hopeful that our newsprint shortage will ease up before the year is over. Then everyone can share in the biggest newspaper bargain in Alabama . . . your state capital newspapers . . . with complete state, sports, national and international news, as well as the world's best

BANKHEAD and BOYKIN fought together for Alabama and the Nation!

BOYKIN Will Carry On

Throughout the years they struggled side by side in Washington, Senator John Bankhead and Congressman Frank Boykin were never content to merely cast their ballots on important legislation. Bankhead in the Senate and Boykin in the House constantly fought for legislation affecting Alabama in particular, and farmers and labor generally.

These outspoken colleagues were close friends, planned their strategy together, and worked vigorously for the legislation that has meant so much to our State and Nation.

Frank Boykin will carry on the fight that he and Senator Bankhead waged together. He offers to the Senate position Experience in Washington legislative matters, plus important Influence built up through years of hard, con-

in addition to wages—have a sound business reason. To be successful, a company must be efficient. A man with fewer worries can produce more efficiently, which makes further benefits possible.

Keep Our Congressmen in Congress—

Send

to the Senate fresh from the people of Alabama

Two of the candidates now running for the Senate have already served TEN YEARS in Congress.

During these ten years, Congress has NOT acted on much of the vital Legislation which the people of our State have so long sought.

Both were re-elected to Congress only this past May for two year terms. They are now seeking a two year term in the Senate.

Neither has resigned to make the Senate race. If defeated for the Senate, they will keep their job in Con-

gress. Election to the Senate of either of these Congressmen would not add any NEW abilities to Congress. It would

bring no NEW assurance of getting things done. It would mean only that a new and UNTRIED Congressman would have to be chosen to replace the winner.

The simple and logical answer is to elect JIM SIMP-SON—A NEW FACE FRESH FROM THE FOLKS BACK HOME.

Jim Simpson is a man of ACTION. He has a PROVEN record for GETTING THINGS DONE. We tried the OLD-now let's try the NEW!
